The bitch owner will be responsible for any and all medical expenses, including those pertaining to hormone testing and veterinary fees. If a natural breeding cannot be accomplished, the bitch owner agrees to provide a credit card number to the collecting veterinarian to cover any AI costs.

6. The stud fee is \$1,500 for FC or AFC titled bitches, pick of the litter, or \$2,500 for other approved bitches, in U.S. dollars. Of this, a non-refundable breeding fee of \$500 is to be paid at the time of the breeding. This fee is for a one tie natural breeding. The remainder of the stud fee is due within two weeks of the whelping of the litter of at least three live puppies. After full payment has been made, the stud dog owners will sign the litter registration. If fewer than three live puppies are whelped, the stud fee will be adjusted to \$500 per puppy for an FC or AFC breeding and \$800 for any others.

7. If the bitch does not conceive on the first service, ONE additional service will be provided within the next 18 months. The \$500 non-refundable breeding fee will be waived this one time because of previous payment. The bitch owner may substitute another bitch, provided that she meets the requirements of the agreement.

10. The owners of the stud dog are not obligated to sign an application for litter registration with the AKC, nor may such application be made, until and unless all applicable terms stated above have been met.
11. If the bitch's owner(s) fail to fulfill the conditions of this contract, the bitch's owner will be responsible for reasonable attorney's fees if action is taken by the stud dog owner on behalf of the bitch that was bred and/or puppies produced from this breeding.
